WRANGLER JK

Jeep®

WRANGLER JK

Begin your next adventure equipped with the capability to master every trail and highway without compromise. As the original open-air freedom machine, Jeep® Wrangler plays it tough. It's ready to go anywhere, as part of Canada's Most Capable SUV Brand! With cabin features that maintain the poise to deliver a comfortable driving experience on every road you travel, you'll enjoy every moment behind the wheel. Wrangler is powered by Canada's Best-Selling Engine,² the iconic 3.6L Pentastar™ VVT V6, a three-time *Wards* "10 Best Engines" winner and delivers unsurpassed towing capability³ so you can bring along even more fun. Jeep – Canada's Best-Selling 4x4 SUV Brand,⁴ and Wrangler stands tall as the favourite 4x4, fuelled by the determination to take you places others only dream of reaching.

DESTINATION: EVERYWHERE

JEEP – CANADA'S BEST-SELLING 4x4 SUV BRAND⁴

CANADA'S MOST CAPABLE SUV⁵

Best-in-Class GROUND CLEARANCE⁶

Best-in-Class HORSEPOWER⁶

UNSURPASSED TOWING³

"4x4 OF THE DECADE"⁷
FOUR WHEELER® MAGAZINE

MOUNTAIN VIEWS AHEAD VIA CANADA'S MOST CAPABLE 4x4⁵

GO ANYWHERE All Wranglers put you in charge of Class-Exclusive Trail Rated[®] Capability⁶. They're specifically designed and engineered to perform to rigorous standards in five categories: manoeuvrability, articulation, water fording⁹, traction and ground clearance. Wrangler is born with a hero's heart, and a single purpose: to keep you moving forward, no matter what lies ahead. Especially when you're heading for the veritable top of the mountain.

ROCK-TRAC[®] HEAVY-DUTY PART-TIME 4x4 SYSTEM With its 4:1 low-gear ratio and 73.1:1 crawl ratio, Wrangler Rubicon[®] can crawl at a consistent 0.8 km/h for greater control and increased torque available at the wheels.

HOOKS AND SKID PLATES Every Wrangler is fortified with underbody armour that protects critical components. Stamped-steel skid plates defend the fuel tank and transfer case while a skid bar safeguards the automatic transmission oil pan. Front and rear tow hooks help when duty calls.

DANA[®] 44 HEAVY-DUTY AXLES Durability and articulation come from heavy duty shafts, stiff housing, large pinion bearings and above-centre pinion mountings. The above-centre mounting helps reduce driveshaft joint angles for smooth and quiet operation while adding ground clearance. (Dana 44 rear axle is standard on all models. Dana 44 front axle is standard on Rubicon.)

HEAVY-DUTY SUSPENSION Solid axles with locating arms, coil springs, track/stabilizer bars, front steering damper and tunable monotube shock absorbers are firm at low speeds and more relaxed at higher speeds. (Standard on Sahara[®]. Performance suspension is standard on Willys Wheeler and Rubicon.)

ELECTRONIC FRONT SWAY BAR DISCONNECT This system allows you to flip a switch to disengage the sway bar when driving under 29 km/h in 4WD-low (4LO) mode, permitting the front suspension to travel up to 25 percent farther. (Standard on Rubicon.)

RUBICON[®] SHOWN IN BLACK

TESTED TO MASTER THE MOST CHALLENGING TERRAINS

MANOEUVRABILITY Every Wrangler is born with the athletic ability to navigate narrow gaps and emergency situations, with precision steering, optimized wheelbases and a tight turning radius.

ARTICULATION Suspension systems enhance on- and off-road performance by maximizing flexibility, axle articulation and wheel travel. The articulation helps to keep all four wheels on the ground, providing greater control over rough terrain and obstacles.

WATER FORDING⁹ Traverse waterways with confidence, thanks to additional electrical and body seals, plus a high air-intake location. Wrangler has the capability to safely manage in up to 76 cm (30 in) of water.⁹ Always inspect all waterways before proceeding.

TRACTION Helps you maintain controlled forward motion on snowy back roads and over icy urban bridges. You can climb steep sand dunes and master muddy tracks. Your Trail Rated[®] Wrangler has the traction within to master all kinds of topography and driving conditions.

GROUND CLEARANCE Head out knowing that your Trail Rated vehicle has Best-in-Class approach, departure and breakover angles⁶ designed to clear logs, rocks and uneven ground. Your undercarriage is protected, too, with forged skid plates that cover valuable underbody elements.

TRU-LOK[®] DIFFERENTIALS

Tru-Lok front and rear electronic-locking differentials balance speed between the left and right wheels, maintaining forward momentum for the ultimate in traction. An instrument panel-mounted rocker switch can lock either the rear or both axles. (Standard on Rubicon.)

RUBICON SHOWN IN XTREME PURPLE

ROOM IN COMFORT

See life more clearly when you're looking at the world from the front seat of a thrilling Jeep® Wrangler. You've got a long list of standard and available interior options that give you permission to create your very own oasis of comfort and style. Select your multimedia centre and stay connected with offerings that include hands-free communication² with Bluetooth[®] streaming audio, navigation¹⁰ and SiriusXM satellite radio with one-year subscription!¹¹

You'll hear newfound notes playing your favourite music through the available Alpine[®] premium audio system that's engineered to deliver an exceptional audio experience. With this precise player, your cabin is tuned up with eight speakers plus an all-weather subwoofer, all powered by a 552-watt amplifier.

To help keep your eyes safely on the road, the available leather-wrapped steering wheel holds hands-free buttons for the Electronic Vehicle Information Centre (EVIC), hands-free communication² audio and cruise control. After a fun day of playing in the dirt over off-road tracks and trails, you can easily wash away leftover interior mud and grime, thanks to Wrangler's removable carpet and drain plugs.

Properly secure all cargo.

THE INSIDE STORY

CUSHIONED SUPPORT Wrangler's interior seats, available in either premium cloth or leather-faced, are designed to stand up to all kinds of sitting down, with plenty of support so you've got more stamina to keep on going. For convenience, the folding front-passenger seat on Wrangler two-door models gives easy access to the second row.

LIT FROM WITHIN Interior courtesy lights include illuminated front footwells and cup holders, while an available auto-dimming rearview mirror automatically darkens to help minimize the blinding glare of headlamps.

CARGO CAPABILITY ABOUND Space to store your items is plentiful: mesh net storage in all the doors, a locking glove compartment for keeping smaller items secure and a lockable centre console with a large bin and inner tray. A bin is located under the rear cargo area floor and features a lift-out tray to safely store door and hardtop bolts. Two-door models feature a removable Fold and Tumble rear bench seat with spring assist that also easily tumbles to make more room for cargo. Unlimited models come standard with a split-folding fold-flat rear seat.

REMOVABLE CARPET AND DRAIN PLUGS

THERE'S ONLY ONE
"4x4 OF THE DECADE"¹

FOUR WHEELER[®] MAGAZINE

RUBICON INTERIOR SHOWN IN BLACK

RUBICON[®]

This trail master has been awarded "4x4 of the Decade"¹ by *Four Wheeler*[®] magazine. Right out of the box, this factory-built warrior gives you all the bells and whistles to send you off-roading with confidence from the moment you take the wheel. It's equipped with Tru-Lok[®] electronically locking differentials, mud-terrain tires, Rock-Trac[®] heavy-duty part-time 4x4 system, 4:1 low-gear ratio and rock rails. A 73.1:1 crawl ratio with the 6-speed manual transmission lets you climb at a controlled 0.8 km/h. The performance-tuned suspension includes gas-charged shocks and an electronic sway bar disconnect.

GROUNDING IN STRENGTH Muscular 32-inch BFGoodrich[®] Mud-Terrain tires are mounted on 17-inch polished aluminum wheels with painted pockets. Skid plate protection helps the mighty Rubicon's Rock-Trac transfer case gain trail-ready status. Rock rails work to protect Rubicon from damaging debris.

BEST-IN-CLASS WATER FORDING² Thanks to Rubicon's Trail Rated[®] water-fording capabilities, you'll have no fear crossing streams and large puddles of up to 76 cm (30 in) in depth.

FRESH AIR AFICIONADO There's nothing more exhilarating than feeling the touch of direct sunlight on your face and a cool breeze in your hair. You can get there with the available Dual Top Group that includes a Black Spackle three-piece Freedom Top[®] hardtop and premium Black Sunrider[®] Soft Top. If you want to coordinate your style, match the colour of your hardtop and fender flares to your exterior paint.

RUBICON SHOWN IN FIRECRACKER RED

SAHARA UNLIMITED SHOWN IN GRANITE CRYSTAL METALLIC AND BODY-COLOUR HARDTOP

WILLYS WHEELER SHOWN IN FIRECRACKER RED

SAHARA®

You'll match unique style and exceptional comfort with authentic Jeep® Brand capability in Wrangler Sahara. Standard equipment includes Black tubular side steps, body-colour fender flares, body-colour front and rear bumper inserts, bright grille and headlamp accents, and a Black Spackle Jeep Freedom Top® hardtop.

Gas-charged shocks deliver a smooth ride on the road ahead. Give Sahara the full open-air treatment by removing the doors and the top, and even folding down the windshield.¹² Convenient automatic headlamps and attention-grabbing 18-inch polished aluminum wheels with Granite Crystal painted pockets complete the look.

SAHARA INTERIOR SHOWN IN BLACK

WILLYS WHEELER

Named after the famous original Jeep® 4x4, the Willys Wheeler masters off-road challenges like an authentic hero. It arrives with standard features that include a Dana® 44 heavy-duty rear axle, anti-spin differential, performance suspension, beefy off-road BFGoodrich® tires and rock rails. Its burly Command-Trac™ part-time shift-on-the-fly 4x4 system forges through tough terrain with a 2.72:1 low-range gear ratio.

Standard exterior features include a Gloss Black grille and front and rear bumper appliques, 17-inch High-Gloss Black aluminum wheels and a "Willys" hood decal. Willys Wheeler offers a variety of standard creature comforts, including hands-free communication⁹ with Bluetooth® streaming audio, SiriusXM satellite radio with one-year subscription¹¹ and an Electronic Vehicle Information Centre (EVIC).

SPORT

Set your sights on adventure and feel what it's like to be an authentic trail master. Succeed every challenge with the help of Canada's Best-Selling Engine,² the 3.6L Pentastar™ VVT V6, matched to the legendary Command-Trac part-time shift-on-the-fly 4x4 system. This combination will go virtually anywhere it's directed.

The five-link suspension adds comfort to the daily commute. The standard Sunrider® Soft Top sends plenty of fresh air your way, and a steering wheel with audio and cruise controls adds to Sport's functionality.

SPORT SHOWN IN CHIEF

PROVEN AND DEPENDABLE POWER
CANADA'S BEST-SELLING ENGINE²
 THE 3.6L PENTASTAR™ VVT V6

SAHARA® UNLIMITED SHOWN IN CHIEF WITH BODY-COLOUR HARDTOP

FORGE AHEAD

THE 3.6L PENTASTAR VVT V6

This heroic capability works hard to keep you going. It's engineered to perfectly match Wrangler's legendary brawn. The Award-Winning Pentastar engine with VVT performs like a hero with 260 lb-ft of torque and a Best-in-Class 285 horsepower.⁶ This efficient powerhouse is built to take you and your Wrangler on a legendary journey anywhere you want to roam.

STRENGTH TO PULL

You have plenty of power to bring your favourite toys, thanks to Wrangler's unsurpassed towing capability of up to 3,500 lb (1,588 kg).³ The 3.6L Pentastar VVT V6 engine comes standard with an exceptionally capable 6-speed manual, or you can opt for the smooth-shifting 5-speed automatic. The strategically optimized automatic transmission helps maximize fuel economy while its low first-gear ratio gives Wrangler authentic Jeep® Trail Rated® off-road capability via a lower overall crawl ratio.

THE DOORWAYS TO FUN AND FREEDOM ARE MANY
UNSURPASSED TOWING CAPABILITY³

SAHARA® UNLIMITED SHOWN IN FIRECRACKER RED WITH BODY-COLOUR HARDTOP

KEEP YOUR FRESH-AIR OPTIONS OPEN

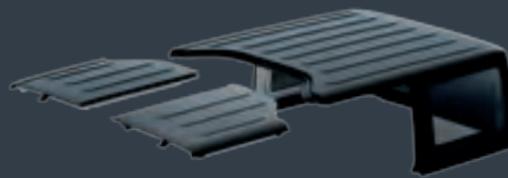

Like you, Wrangler is an oxygen-loving true original. There's nothing better than the feeling of sun on your face and wind in your hair. Wrangler lets you take it all in and get the full effect of being in the great outdoors. Just remove the doors, fold down the windshield,² open the Sunrider[®] Soft Top and begin living the good life. Enjoy a new point of view that removes all boundaries between you and the great outdoors.

SPORT BAR WITH NINE-SPEAKER ALPINE[®] PREMIUM AUDIO SYSTEM

RUBICON[®] SHOWN IN FIRECRACKER RED

FREEDOM TOP[®] HARDTOP is durable, strong and secure. This option has a three-piece modular design that lets you bring in the sun as you see fit. Standard on Sahara[®], optional on Sport, Willys Wheeler and Rubicon. The Freedom Top hardtop is offered in a Black Spackle coat on all models or matched to the exterior paint colour of your Wrangler Sahara or Rubicon.

SUNRIDER[®] SOFT TOP utilizes special three-ply material that is standard and quiet, watertight and easy to fold away.

PREMIUM SUNRIDER SOFT TOP adds durability and sound dampening for an even quieter ride, making it an attractive available option. Plus, a dust blocker helps keep it in tip-top shape and makes it easier to wash.

Uconnect®

Uconnect® systems are designed with user-friendly technology that allows you to stay connected – without losing focus on the road. It's a digital world out there, and with Uconnect, you can select the system that best suits your needs and lifestyle.

CONNECT AND MOVE FORWARD TOGETHER

SIMPLY INTUITIVE Uconnect multimedia centres bring a range of available communication and entertainment services straight into your vehicle. An available nine-speaker Alpine® premium audio system including all-weather subwoofer makes you feel as if you're sitting front and centre at a concert hall. Get turn-by-turn directions with available navigation¹⁰ so you don't get lost along the way (unless you want to).

PHONE Available Uconnect hands-free communication⁹ is the in-vehicle, voice-activated calling system that allows you to talk on your Bluetooth®-compatible phone virtually hands-free. This clever system is also smart enough to synchronize with your Bluetooth-compatible phone's address book¹³ – up to 1,000 entries – every time you get into your vehicle.

VOICE COMMAND⁸ Use your voice to select AM/FM radio stations or available SiriusXM satellite radio¹¹ channels, as well as adjust the cabin temperature and more. You can also select destination entries on your available navigation¹⁰. This available "smart" system technology can be trained to better recognize your voice, ensuring you keep your eyes on the road and hands on the wheel.

ENTERTAINMENT You'll have several ways to access audio. Get the sound going via a remote USB port, an auxiliary audio input jack and Bluetooth streaming audio. Listen to over 120 channels on the available SiriusXM satellite radio¹¹ and enjoy instant replays of your favourite tunes, access any channel playing your favourite artists, get alerts when your favourite teams are playing and so much more.

ALWAYS PLAY IT SAFE

HEATED POWER EXTERIOR MIRRORS Melt snow and ice off these available sideview mirrors as you warm up your interior, and keep your mirrors free of ice as you drive.

SENTRY KEY® ANTITHEFT ENGINE IMMOBILIZER A unique embedded key code matched only to your vehicle. This standard feature helps keep your Wrangler safely where it belongs.

AIR BAGS¹⁴ The standard advanced multistage front air bags provide occupant protection by matching air bag output to crash severity. Available supplemental front-seat-mounted side air bags deploy from the outboard side of each front seat to enhance protection of the driver and front passenger in certain impacts.

ENERGY-ABSORBING FRONT RAIL EXTENSIONS Collapsible, hydroformed front rail tips provide Wrangler with low-speed protection and can be serviced after impact events of up to 13 km/h.

SPORT BAR High-strength steel is integrated into the B-pillar that runs into the floor, helping to improve side-impact performance and vehicle stiffness on every Wrangler.

ENHANCED ACCIDENT RESPONSE SYSTEM (EARS) This standard system makes it easier for emergency personnel to see and reach occupants in the event of an accident by turning on interior lighting, flashing hazard lamps and unlocking doors after air bag¹⁴ deployment. It also shuts off the flow of fuel to the engine.

ELECTRONIC STABILITY CONTROL (ESC)¹⁵ Every Wrangler arrives with this advanced system designed to assist drivers in maintaining control of their vehicle. It utilizes hydraulic Brake Assist, Traction Control, Electronic Roll Mitigation and Trailer Sway Control to constantly monitor driver input against the vehicle's actual course. ESC has three modes: Full-On, Partial-On (shuts off traction control) and Full-Off (ideal for off-road driving).

HILL DESCENT CONTROL (HDC) is packaged with the available 5-speed automatic transmission and diligently works to help Wrangler navigate steep declines safely, at a consistent speed.

HILL START ASSIST (HSA) works to prevent Wrangler from rolling when starting on an up- or downhill gradient. It holds the vehicle stationary for two seconds after the driver's foot is removed from the brake pedal, allowing time to apply the throttle.

WRANGLER JK FEATURES AND OPTIONS

SPORT

POWERTRAIN

- 3.6L Pentastar™ Variable Valve Timing (VVT) V6 with 6-speed manual
- 3.6L Pentastar VVT V6 with 5-speed automatic

MOPAR VEHICLE PROTECTION. FCA Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Mopar Vehicle Protection offers extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road – for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge and Ram retailer or call (800) 465-2001.

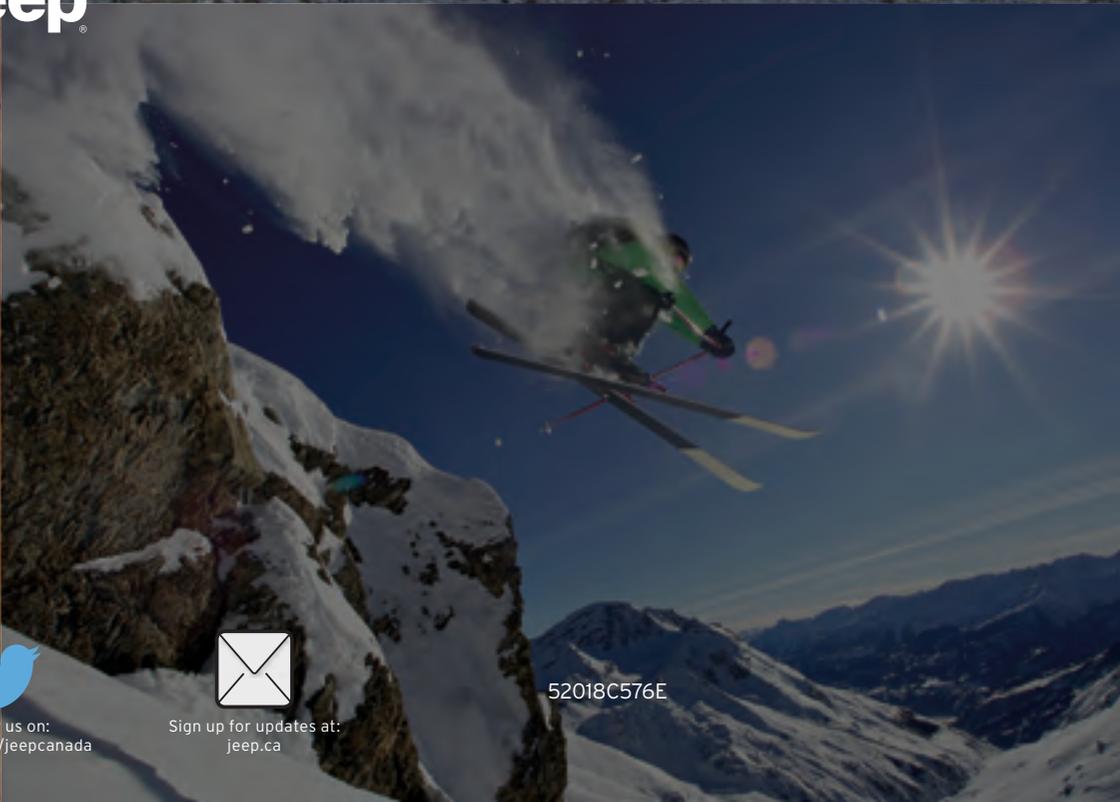

WARRANTIES. 2018 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance! SRT vehicles are backed by a 3-year or 60,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 years or 60,000 kilometres.* Rust-through coverage on all body sheet metal is for 3 years. The Cummins Turbo Diesel engine is protected by a separate Limited Warranty covering the engine for 5 years or 160,000 kilometres.* The EcoDiesel engine is backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance.*

*Whichever comes first. Some conditions may apply. †The 5-Year/100,000-Kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

DISCLAIMERS. 1) Jeep lineup capability based on approach angle, departure angle, breakover angle, ground clearance and water fording. 2) Based on *IHSMarkit* Automotive Canadian New Vehicle Total Registrations from CYE 2011 - 2015 and CYTD July 2016 for all Cars, Light-Duty and Medium-/Heavy-Duty Trucks. 3) When properly equipped. Based on *WardsAuto* Small Sport Utility segmentation and FCA Internal Compact SUV segmentation including Jeep Compass, Jeep Patriot, Chevrolet Trax, Mitsubishi Outlander Sport, Kia Sportage, Hyundai Tucson and Volkswagen Tiguan. 4) Based on *IHS Markit* Automotive Canadian New Vehicle Total Registrations 2012 to 2016 and CYTD September 2017 in all Brands, SUV segments and all 4x4/AWD models. 5) Capability based on approach angle, departure angle, breakover angle, ground clearance and water fording. 6) Based on *WardsAuto* Small Sport Utility segmentation and FCA Internal Compact SUV segmentation including Jeep Compass, Jeep Patriot, Chevrolet Trax, Mitsubishi Outlander Sport, Kia Sportage, Hyundai Tucson and Volkswagen Tiguan. 7) Based on 2001 - 2010 model years. 8) Do not attempt water fording unless depth is known to be less than 76 cm (30 inches). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. 9) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone. 10) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 11) Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca 12) Be sure to follow all instructions in Owner's Manual for removal of top, doors and lowering of windshield. Driving with doors off and windshield down is for off-road use only. 13) Phone must support Bluetooth Phone Book Access Profile (PBAP). 14) The Advanced Front Air Bags in this vehicle are certified to the federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 15) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions.
